David Allan Hubbard Library Announces New "Jesus People" Collection

Opening receptions to be held May 15 at 2 p.m. and May 16 at 4:30 p.m. :: 04/16/10

"It began with an encounter, the experience of faith in Jesus Christ among the hippies. Beginning in 1967 many of those formerly involved in the counterculture began to proclaim that their lives had undergone a radical spiritual transformation. Addicts spoke of freedom from drugs, wide-eyed teenagers recounted dramatic healings and miracles, while others joined in choruses of ecstatic utterances wherever two or three devotees were gathered together. Testimony services revealed that something extraordinary was happening." So wrote David Di Sabatino in The Jesus People: An Annotated Bibliography and General Resource (Jester Media, 2003), a work chronicling a significant moment in the history of Christian revivals—the Jesus People Movement—which was led in part by Duane Pederson, and kindled by grassroots publication the Hollywood Free Paper.
