(Tape 6)

DAVID: Okay, here I am.

UNIDENTIFIED MALE SPEAKER: David?

DAVID: Yeah.

UNIDENTIFIED MALE SPEAKER: Okay. Well, I've got some good news for you.

DAVID: Okay.

UNIDENTIFIED MALE SPEAKER: But rather than me saying it, I think I have somebody here that maybe can explain it to you a little bit better. Okay?

DAVID: Okay.

JIM: David? Hey, this is Jim.

DAVID: So, what are you doing?

JIM: Hey, buddy, how you doing?

DAVID: Well, I'm, I'm wondering what, what's going on.

JIM: Oh, shoot, I've been kind of worried about you. I've been kind of out of touch and I apologize. I know Gary's been helping you. Let me tell you what happened. The commanders wanted me to get some rest. You know, one of those agents I knew pretty good.

DAVID: Uh-huh.

JIM: And I was kind of upset about it. And they wanted me to get some rest, you know. And -- but, listen, and then after that, I went by Human Services

to see if the kids were okay. And I'm sorry it took so long. How have you been getting on?

DAVID: Well, you know, I'm laying here.

JIM: Still can't move?

DAVID: No.

JIM: Geez.

DAVID: But the deal, like I was telling him, you know, I told him I made, I made an agreement with you.

JIM: Um-hum.

DAVID: And I'm not going to break that, I'm not going to break that at all. So

JIM: I know you're --

DAVID: And I realize you needed sleep last night, you know. So I told him, I said well, we can take it up in the morning.

JIM: Yeah.

DAVID: So

JIM: But, you know --

DAVID: what we was doing, right?

JIM: Right. Buddy, you know I wouldn't give you anybody that, you know, you couldn't trust and

DAVID: Well, that's not what we agreed on. I probably could trust this guy, but, you know, it's not a matter of us trusting somebody or someone saying trust me. The matter is, is we made a deal and we've

been having calls from all these different directions with people telling us what to do.

JIM: Yeah.

DAVID: Wanting us to make a deal with them.

JIM: Sure, I understand.

DAVID: You know, you can't you know, we're not bookies, we don't do that kind of deal.

JIM: Yeah, I understand. But

DAVID: So --

JIM: Gary -- listen, let me tell you, David, that Gary did a real good job. He went out here and, you know, he's got all these commanders here. And, I mean, just bunches of them, and he really went out on a limb and he just said look, David wants to talk to Jim and, and David's going to work with us, but you've got to -- he wants to talk to Jim right now. And so, he, he really went to bat for you. He's a good guy. It's -- I have a lot of responsibility, just like you do. You know, a lot of things on my shoulders, too, and just like you, and I sympathize with your position.

And so -- Gary told me that, you know, if I came back, that you promised to send some kids out. And, of course, I knew you would anyway.

DAVID: That was our original agreement anyway.

JIM: Right. Well, I -- my reply was hey, I already know that. I mean, you don't even have to tell me. The guy is as good as his word and his word is golden. And I remember in fact, I thought last night that, you know, maybe Chrissy and Brian would, you know, get out after I left. But, hey, that's okay. We can, we can do it now. And once Gary got the commanders together, I've already told them to set up the shuttle cars and, you know, get it ready.

I said David wants to do it and that's the way we're going to do it. So, you know, they're getting the cars ready down there and, you know, just so we can kind of get together on it. But, listen, I'm, I'm kind of feeling for you, you know. I know you've got a big responsibility with all your people in there and I'm sure it's weighing pretty heavy on you.

DAVID: Well, I'm hoping that what you read in the Bible last night was weighing heavy on you. Jim, I'm going to win, okay?

JIM: Yeah. We're all going to win.

DAVID: No, we're not all going to win. You see, if we don't confess to, to God that we don't know something, you know --

JIM: Yeah.

DAVID: -- then we're in trouble, 'cause, see, that's the whole thing, what the seals are about.

It's a test, a test to every man on earth that professes godliness.

JIM: Um-hum.

DAVID: And, now, you heard those guys last night on the radio. You heard these teachers and scholars.

JIM: Um-hum.

DAVID: You hear what their explanations are?

JIM: Oh, yeah.

DAVID: Stuttering and sputtering and they don't know what they're talking about. Why don't they, you know, turn it off?

JIM: Yeah.

DAVID: Okay. Now, these guys -- you're going to put your soul in the trust of these men that don't know what they're doing?

JIM: I'm not going to do that. I'm not going to do that.

DAVID: Yeah. Well, the thing of it is is that there are thousands who do. Now, you know, I, I've got me a group of people, right?

JIM: Right.

DAVID: And I've, I've taught them the first seal and I taught them the second seal, the third and the fourth. I explained to them after the fourth seal things change 'cause, see, there's only four beasts.

In the first four seals the beast is coming. See, now, there's a meaning to that.

JIM: Right.

DAVID: But there is a real meaning to it. But the fifth seal is a sad thing for the world because it's a seal that talks about -- and I beheld when the lamb opened the fifth seal, I saw under the altar, the souls that have been slain for the word of God and for the testimony which they held, crying to God, saying oh, Lord God, how long will not avenge our blood upon those who dwell upon the earth?

JIM: Hmmm.

DAVID: You see, someone died 2,000 years ago so that man can have a chance to learn the truth about condemnation. Somebody died so that man could admit they don't know what they're doing and they would listen and learn. And so, when you read the Book of John, all through the Book of John, Jim --

JIM: Yeah.

DAVID: it's always being said of Christ that Christ -- I can myself through nothing, but that which I receive of my father that I speak, for the doctrine is not mine, but it's my father's. See, they didn't understand that 2,000 years ago.

JIM: Um-hum.

DAVID: So, heaven tried to make it a little

easier this time so that John the Revelator wrote that when the Gentiles are going to be judged, it's going to be based on the same truth the Jews rejected. It's going to be according to the father giving to his son a book. So that you can now know the doctrine is not my own, it's my father's, you know. I, I do not speak of myself, but what the father has given me that I received.

JIM: Um-hum.

DAVID: And so, that's why in these symbols it's so clear that when I come in the volume of the book that's written to me, I have to show you from the writings of all the prophets what God has already told them about me. Otherwise, I'm nothing.

JIM: Yeah, I understand.

DAVID: You can't believe flesh and blood, you have to, you have to pass the test. You have to stand up to the credentials.

JIM: Um-hum.

DAVID: Now, the fifth seal, you know, in Isaiah 26, it says we have a strong city. Salvation will guard our plentiful walls and bulwarks. It says open you the gates that the righteous nation which keeps the truth may enter in, 'cause that will keep him in perfect peace whose mind has stayed on me, oh God, because he trusteth in me. It says trust in the Lord,

for the Lord is everlasting strength. So bringeth down them that dwell on high. Yea, the lofty city, Babylon, he'll bring it down, even to the dust, for the feet of the poor and the needy shall trod it underfeet.

It says let David be showed to the wicked. Yet, will they not learn righteousness? In the land of uprightness they would deal unjustly, for they would not behold the majesty of the Lord. Lord, when thy hand is lifted up, they will not see. You know, the father upholds his word, don't he?

JIM: Right.

DAVID: But they shall see and then they shall be ashamed for their anger against thy people. It says Lord, we've been in pain. We've been in pain as a woman in travail. It says we have not wrought any deliverance in the earth, neither have the inhabitants of the world fallen. It says but by dead men shall arise with my dead body. Awake he that dwell in the dust. Then --

JIM: David --

DAVID: I know it sounds like poetry to you, doesn't it?

JIM: No. Listen, I just want to

DAVID: You all are going to kill us.

JIM: No, no, no.

DAVID: Because -- now, listen, Jim --

JIM: We wouldn't do that. We're not going to do it.

DAVID: Jim, let me explain something. You know, you know that I can't lay here, you know, too many days before, you know -- I mean, the infection's already in me, okay?

JIM: But, David, we're going to resolve this.

DAVID: No, let me explain something. You know, that's why I kept telling Gary that, you know, last night I shared Psalms 89 with you, didn't I?

JIM: Um-hum.

DAVID: You see, inspiration is the ability for God to tell men the future. The same God who created heaven and earth, by his word, is the same God who foretells the future and brings it to pass.

JIM: Um-hum.

DAVID: And so, God forewarns men by sending prophets, and that's already been done. But the Jews would not receive the testimony of those men. Well, so, finally, the New Testament tells them that now everybody is responsible. Now all the Gentiles can be responsible for knowing and believing these truths that the Jews rejected. So, now we've come to the time, you know. Seven seals is the big thing now we're talking about.

JIM: Right.

DAVID: I cannot consent to your laws and your system because my laws and my system is higher. But don't get me wrong, don't, don't think that I liberally -- literally or deliberately try to break the laws of the country or the nation because, as I said before, this nation was blessed because it, it vindicated the principles of the Ten Commandments.

JIM: I understand.

DAVID: But what happens is when God's truth comes into the world, no man is excused from opening his eyes and seeing what God of heaven requires. On the currency of this nation's currency it says, in God we trust. Okay?

JIM: Um-hum.

DAVID: Now, are we talking about my God that sits on the throne? Are we talking about giving to God what is God's and giving to Caesar what is Caesar's? What are we talking about here?

JIM: Yeah.

DAVID: Are we talking about the god who, who has seven seals which are a mystery until there's time no longer? Well, that's what we're talking about, Jim.

JIM: Yeah, I understand.

DAVID: And now people, they don't, they don't understand because they choose not to.

JIM: Hey, David, hold on just a second. What did you say? Okay. (Talking to someone else.) I hear the kids, are they okay?

DAVID: Who's crying over there? Who's crying? Who's crying? Look, I can't -- who's crying? Oh, it's Bobby.

JIM: Bobby? How old

DAVID: They're just, they're just typical --

JIM: How old's Bobby?

DAVID: Bobby's -- oh, it's Star?

JIM: Star?

DAVID: Star is three.

JIM: Three. They just hollered at me and told me the car was ready.

DAVID: Okay.

JIM: And so you might want to just, you know, start getting the kids ready --

DAVID: Okay.

JIM: -- to, you know, get their coats and -- it's kind of cold out. I've been out and it's a little cold and

DAVID: Well, they've got jackets and we'll

JIM: Get their jackets, yeah.

DAVID: You want us to drive them to the water tank, right?

JIM: Yeah. If we could do it, it would

DAVID: Okay.

JIM: That'd be the best, I think. Is

DAVID: Darryl's coming, right? Here, let me let you talk to Sita.

JIM: Let me try to set that up, okay?

SITA: Hi, Jim.

JIM: Sita?

SITA: Yes.

JIM: How are you?

SITA: I'm doing fine. How about you?

JIM: Well, I'm doing fine. Listen, I've got, I've got the car ready to go, but just let me check on Darryl, okay?

SITA: Okay. All right.

JIM: I don't know if he's going to be available, okay? But let me tell you this. I won't send anybody that I can't vouch for, okay? I give you my word now. I'll send somebody. It's somebody that'll be just as good, just as trustworthy. Okay? You can trust me, Sita, now.

SITA: Okay.

JIM: Okay. So -- and I will tell you beforehand whether it's him or not, but I will screen whoever's going to go.

SITA: Okay.

JIM: Do you understand?

SITA: Yeah.

JIM: Okay. Take your time, a few minutes, get them ready, coat -- it's cold, coats on, you know, and, and give them some hugs and stuff and --

SITA: Is it okay, I can bring -- they can get some extra clothes for them?

JIM: Absolutely, yes, whatever you want.

SITA: Okay.

JIM: Yeah.

SITA: Their name is Brian and Scott.

JIM: Okay.

SITA: And I'll just give you the phone number.

JIM: Okay. The phone number of their grandparents?

SITA: Just a minute. I'm sorry.

JIM: Go ahead.

SITA: Hello?

JIM: Yeah, go ahead, Sita.

SITA: Scott and Chrissy

JIM: Scott and Chrissy.

SITA: -- Mabb.

JIM: Spell that for me. Is it M-A-B?

SITA: M-A-B-B.

JIM: Okay.

SITA: And their phone number is 605-923-2641.

JIM: Okay. All right. You get, you get them ready and, you know, after -- David said that we're just going to, you know, go two by two.

SITA: Yes.

JIM: So, you get those -- them ready. And then once they go out, you know, you can take a few-minute break because we're going to, you know, in between. But then you can start, you know, who, who you want to send out next and, you know, get their coats and stuff. You know what I mean?

SITA: Yeah.

JIM: I mean, we'll have a little time, but, you know, have somebody else kind of maybe help the kids 'cause you're busy. You know what I mean. And it'd be easier, see, in the daytime.

SITA: Oh, wait, wait.

DAVID: Hey, Jim.

JIM: Hey, David.

DAVID: We when we -- we've got to send Patron and Jenessa --

JIM: Okay.

DAVID: -- because they're, they're, they're the, they're the same brother and sister of Camaray and Landon.

JIM: Oh, absolutely. Okay, yeah, that's great.

DAVID: I'm sorry about that.

JIM: That's no problem.

DAVID: Listen, Patron's four months old.

JIM: Okay.

DAVID: A car seat and --

JIM: How about if I have a lady agent?

DAVID: Yeah.

JIM: You haven't seen --

DAVID: You better bring some formula.

JIM: Oh, we'll get some formula. And the lady agent, would that help you?

DAVID: Yeah.

JIM: Sita can hand the four-month-old to the lady agent?

DAVID: Yeah. You know, the old bruiser guys may not know how to deal with a four-month

JIM: You know what I'm saying. They're kind of rough.

DAVID: Yeah.

JIM: Okay, I'll set that up. And how old's Jenessa?

DAVID: Jenessa, how old is she now? (Talking to someone else.) Five-and-a-half.

JIM: Five, okay.

DAVID: Oh, she's eight. I'm sorry.

JIM: Make sure they've got warm stuff, David.

DAVID: Yeah, we'll dress them warm.

JIM: Okay. And then maybe you can have somebody other than Sita, after you decide and identify who the next two are -- I think we could do -- or Brian and Chrissy --

DAVID: You already know Sonja.

JIM: Oh, sure.

DAVID: Okay.

JIM: Yeah, she can get Brian and Chrissy ready or something.

DAVID: Okay.

JIM: We want them to have time to get their warm coats and, and kiss their mom. But, you know, we want to, like you said, just keep it going and --

DAVID: Right.

JIM: And, and I've jumped their bones in the -- on the commander's office about that stuff we had last night.

DAVID: Uh-huh.

JIM: You know, where the car wasn't ready?

DAVID: Yeah.

JIM: Remember, we had that? I said look, I mean, David's being straight up and you send this car

with no radio and then we can't call them, you know, and they're late, you know. So, I've told them you get all the cars there, that's what David wants, and he'll send them out. Okay?

DAVID: Yeah.

JIM: All right, Buddy.

DAVID: Okay.

JIM: Patron, four months old, and Jenessa?

DAVID: Patron and Jenessa, yeah.

JIM: Okay. Hey, listen, this is great. What you're doing here benefits everyone. This is tremendous.

DAVID: Well, like I say, there's a little secret with these children.

JIM: Yeah.

DAVID: There's a -- you'll see, you'll see later. Psalms 8. If you'll read Psalms 8, you'll, you'll see.

JIM: They're, they're beautiful. And this is great. Patron and Jenessa want to see their brothers and sister.

DAVID: Yeah.

JIM: But I went over there this morning and, and, and Human Services, where they have the children, and I went over it with them and those are all real gentle people. And they, they're just real nice and

DAVID: Yeah, we know, we know some of those ladies.

JIM: And they're taking care of them. So, I want you to assure their mothers and stuff. I mean, they really are safe and dry and happy.

DAVID: Well, have you contacted their -- kin?

JIM: Yeah, we were having that done and, and Human Services was helping us. And I haven't gotten word back on that. Listen, we're going to bring the kids over here to me, just like yesterday. Okay?

DAVID: It's like --

JIM: And put them on the phone?

DAVID: Yeah.

JIM: Let me -- yeah, let me do this, David. I want to get these cars started and I want to walk out here to these commanders. I don't want any glitches. Okay?

DAVID: Which glitches?

JIM: Well, you know, mistakes where they didn't hear me.

DAVID: Oh, okay.

JIM: Well, let me see if I can get a car there for -- wait, hold on just a second.

DAVID: Okay.

JIM: See if they'll run a car up to the

water tower and notify them. Hey, how's Steve doing?

STEVE: Hello?

JIM: Steve.

STEVE: Jim, how you doing?

JIM: I'm great, buddy. How are you?

STEVE: Not bad. I'm glad to hear your voice.

JIM: Well, I was kind of worried about you. I'm sorry--

STEVE: I, I -- you know, I told Gary we appreciated him, and we did and everything, but David definitely wanted to speak with you. He started it and everything, and we kept on trying and every way possible, you know.

UNIDENTIFIED MALE SPEAKER: We've got to get a car.

STEVE: So --

JIM: Yeah. Well, look, I'm sorry. I told David what happened. And, you know, they told me I've got to get some rest.

STEVE: Right.

JIM: I knew, I knew some of those agents, you know.

STEVE: Yeah.

JIM: And, and I wanted to stop by the hospital to see some of these other guys.

STEVE: Oh, I'm sure.

JIM: And you'll be glad to know that they're all doing good.

STEVE: Good. Good, I'm glad.

JIM: I mean, they're all talking, you know.

STEVE: Great.

JIM: And all of the agents feel pretty, pretty good. They're all talking and there's no -- I can tell you there's no hate in anybody's heart out here.

STEVE: Right.

JIM: And they're just saying

STEVE: That's how I felt.

JIM: We talked to them today and I said listen, you know, those folks out there went through the same thing and they're suffering, too, you know. And they were all saying -- one thing they're all thrilled about was these kids getting out.

STEVE: Right. That's good.

JIM: And so, you know, I just gotta just say I think it's great. And I'm sorry I was late.

STEVE: That's, that's okay.

JIM: But I went by Human Services

STEVE: Yeah.

JIM: -- and I wanted to see how the kids were doing.

STEVE: Right.

JIM: And that's all squared up, so --

STEVE: Good.

JIM: -- you can tell the moms that.

STEVE: Okay.

JIM: What happened was, Gary went out on a limb here. He got, he got out with these commanders, man. He, he made a big stink, you know.

STEVE: He did, huh?

JIM: He said man, you know, we're trying to work this out, and he says I'm trying to work with David and Steve and, you know, he says these guys are, are not, you know, tricking us, they're keeping their word and, and said, you know, I want you to get Jim over here and all that stuff.

STEVE: Right.

JIM: Again, he went out on a limb for you.

STEVE: I, I believe it.

JIM: Yeah.

STEVE: I, I told him I really had a, you know, a great appreciation for, you know, his -- I told him don't be offended or, or -- it's nothing against yourself and, you know, David wanted -- he started talking with you and he liked the rapport. And you're an awesome listener.

JIM: Well, listen, you know, it's hard for

me to be here all the time, and that's why Gary, you know, or somebody else -- you know, I didn't want to give you anybody to talk to that I didn't trust 1,000 percent.

STEVE: Right.

JIM: And, and I think the proof's in the pudding when he goes out and

STEVE: I'm sure.

JIM: -- battles those commanders. You know, they'll probably bust him two ranks when this is over.

STEVE: David just said to me because of the way you've been, you know, in Isaiah 55:3 it says hear and thy soul shall live. And, I mean, that's the, that's the main -- there's one of the main keys right there.

JIM: Yeah. Well, how, how are you feeling? Are you okay?

STEVE: Yes, yes.

JIM: Did you get any rest?

STEVE: By the way, yes -- but, no, I didn't. I laid down for about a half hour. I couldn't sleep. I, I tried to a couple times, but the phone was ringing and --

JIM: Yeah.

STEVE: One thing that, you know, he was disappointed and I was that all lines were cut off and

we weren't able to -- the one thing I guess we wanted to a lot of these want him to reply and he can't now. You know, there's a number of challenges on the radio back to him.

JIM: Yeah.

STEVE: And I was wondering if what would be the -- Jim, what do you think, what would be the possibility

JIM: I'm sorry, wait. They're hollering at me.

STEVE: Okay.

JIM: Wait a minute. The car, the car's moving? Okay. All right.

STEVE: Not past the water tower now. I don't want anything past the water tower.

JIM: Okay, I'm sorry.

STEVE: Okay.

JIM: Tell me one thing.

STEVE: Yeah?

JIM: Is he still bleeding a lot?

STEVE: No, he's not. No, he's not.

JIM: Okay. You've got do you -- look, I know I asked you this yesterday.

STEVE: Yeah.

JIM: And you've got -- I mean, yesterday was a bad day for all of us.

STEVE: Right.

JIM: But I can arrange to send you in some clean gauze pads and, and, and, you know --

STEVE: We've got plenty of that.

JIM: Are you sure?

STEVE: Oh, yeah, yeah. But I definitely appreciate it.

JIM: We could just hand it off to Sita, you know.

STEVE: We have a lot.

JIM: Okay.

STEVE: Believe me, we do.

JIM: All right. I just, just want to make sure --

STEVE: Yeah.

JIM: -- because he's, you know, he sounded weak to me today and I --

STEVE: Well, he was, you know, the truth is he's not really slept the entire day or night and he's been talking and talking, so he's real hoarse and, you know, just -- I tell you what, I was so tired a couple hours ago, but it seems like I've rebounded a little bit. I don't know why, you know, lacking sleep, but, yeah, we're trying to still, you know, make the best out of it.

JIM: Hold on, Steve. Excuse me. Okay,

yeah. Is Sita there? Well, tell David, you can just tell him for me --

STEVE: Okay.

JIM: -- he's got the four-month-old Patron --

STEVE: Right.

JIM: -- and I've told him I was going to try to get a lady agent to, to help with her, but I don't have one.

STEVE: Okay.

JIM: Okay? So, I told the commander to come in and get me an agent who was kind of gentle, you know.

STEVE: Okay.

JIM: Okay? And this little baby, you know --

STEVE: Right.

JIM: -- has got to be

STEVE: Little baby

JIM: -- handled with kid gloves.

STEVE: He was saying that they don't have a female like they hope, but he wanted -- he asked for the most gentle man there. He's smiling.

JIM: Huh?

STEVE: He says tell them to send Gary.

JIM: Yeah. Well, that's right. But,

anyway, we'll take care of that.

STEVE: Okay.

JIM: The car is at the water tower.

STEVE: It's there now?

JIM: It's there now.

STEVE: Okay, the car is at the water tower right now, Sita. She's ready.

JIM: Okay.

STEVE: And you have the agent and -- all that already or -- or you just want to -- okay, I guess you've got the paper all ready.

JIM: Okay.

STEVE: Okay. And, plus, I guess she'll be handing the addresses off.

JIM: Yeah, that'd be great. Sure.

STEVE: Yeah.

JIM: And we'll have them come over here and let them talk to you.

STEVE: Right. Okay, good. So, you're able to call through here, of course?

JIM: I tell you, Steve

STEVE: Yeah?

JIM: it's unbelievable out here. I mean, you've got, you've got every reporter in captivity out here.

STEVE: I believe it.

JIM: And, you know, there's just people everywhere and, you know, it's even hard you know how many times we got cut off yesterday.

STEVE: Right.

JIM: Remember when all that stuff --

STEVE: Well, that was the telephone. I mean, right up until now, we tried everything. We had a number of cords, you know, like with those stupid little connectors in between, and somebody would step on the thing.

JIM: Yeah.

STEVE: Then we'd have to have somebody go find out where it was loose. And that happened right through until -- through the middle of the night even.

JIM: Yeah.

STEVE: Got to be -- and, finally, we just says well, look, don't we have one cord that'll do all of this? And, finally, we did and this is why we got something clear now.

JIM: Well, the technology.

STEVE: It seems like we're missing there a little bit.

JIM: David said that --

STEVE: David, David's saying something. Just a minute.

JIM: All right.

[gap]

STEVE: Yeah, he says if you could bring a decent telephone and 150 feet of cord, that we'll pay for it even.

JIM: Oh, no, I wouldn't ask you to do that. I think we'd need a lot more cord than that.

STEVE: Even this one here --

JIM: Oh, oh, that's what you want?

STEVE: Yeah, yeah.

JIM: Okay. We can probably arrange it.

STEVE: Just stop by Radio Shack or anything, you know, we'd more than be happy to pay for it.

JIM: Oh. Let me see what I can --

STEVE: Okay.

JIM: -- check on for that. Maybe we can do that.

STEVE: This thing here, I mean

JIM: That's the one -- what is it, is it like a Princess phone or something?

STEVE: Actually, the one we've got here, it says Bell South Products and it's, it's been used a lot and I think it's been dropped and I think that's part of the problem.

JIM: That's why it kept cutting off yesterday?

STEVE: Yeah. I didn't know if it was

half the phone, and I knew the connection, too, because I saw people stepping on the cord and then all of a sudden it'd be gone and --

JIM: Where've you got it, in the hallway or something?

STEVE: Yeah. Well, right now I'm in the hallway because, you know, I'm, I'm trying to -- David's here, just off to the side over here into the room. So

JIM: Okay. Hold on one second.

STEVE: Yeah.

JIM: I want to check on the telephone. Pass that on to the commander, I'll talk to him about a telephone later. Okay, I'll just -- I've got to run that through the commanders.

STEVE: Okay.

JIM: Well, I'm sure -- well, we'll talk about it, okay?

STEVE: Okay. You want to call me back then later?

JIM: Well, yeah. Is Sita going out now?

STEVE: Yes.

JIM: Okay. Why don't you -- why don't we hold on just till she walks out the drive -- once she hooks up with the kids, just here in a minute with the agent, then we can -- I can stop. And then David said

he wanted you to, you know, do this one-two, you know, after the other. So, Sita said she was going to get Sonja to get the other two kids ready.

STEVE: Okay, good.

JIM: And then so after we bring -- once we hook up on the road

STEVE: Right.

JIM: -- then, then you and I will break and then you'll, you'll identify I think it's Chrissy and Scott or Brian. And you'll bring coats and stuff and then we'll have the other children brought over here to me, you know --

STEVE: Okay.

JIM: -- so you can, of course, speak to them.

STEVE: Right.

JIM: Or their mom can.

STEVE: Okay.

JIM: And, you know, and then we'll get back, okay?

STEVE: Right. Okay.

JIM: Things are going real good and I just want it to continue that way.

STEVE: Yes. Well, that's what we want, too, so I'm sure it can.

JIM: Steve, how many cars am I going to need

to line up? I mean, about the children. How many have we got left, can you tell me?

STEVE: How many cars are you going to need to line up to get all the children out that are left (Talking to someone else.) He says he'll [gap] little by little. He's smiling.

JIM: Oh, okay.

STEVE: We'll have to keep doing it that way.

JIM: That's fine.

STEVE: Yeah.

JIM: I'm, I'm just, I'm just trying to avoid delay.

STEVE: I know, I understand, but for us it's, it's, you know --

JIM: No, that's all right.

STEVE: Yeah.

JIM: That's great. Those, those kids

STEVE: Okay, just a minute. He wants to talk to you.

JIM: Oh, sure.

STEVE: Here he is.

JIM: All right.

DAVID: Jim.

JIM: David.

DAVID: Jim, see, I'm on you guys side, see what I'm saying?

JIM: Right, you are.

DAVID: So, it's like this. There's a lot of people here, right?

JIM: Right.

DAVID: And you all think that they believe in me, right?

JIM: Right.

DAVID: But, like it says in the Gospel, he that believeth in me believeth not in me, but believeth in him that sent me.

JIM: Um-hum.

DAVID: Okay?

JIM: Um-hum.

DAVID: In other words, we cannot receive the seal by accepting any man's flesh. We have to accept the word, what's written in the book. So, the thing of it is is like this. Every, every, you know, the slower we make this, you understand what I'm saying?

JIM: Um-hum.

DAVID: The more time it gives the people here to make a decision, you know. So, you know, you just may see a few adults come out, too.

JIM: Yeah. Oh, yeah, of course.

DAVID: You see what I'm saying?

JIM: Yeah.

DAVID: 'Cause these people are facing

realities that, you know, what they're learned in the Prophecies is one thing, but now they're facing reality.

JIM: David, you're, you're, you're a wise man and

DAVID: Well, what I'm saying is this. I'm saying that, you know, you know, if I go, then, then I won't be around no more.

JIM: Well, listen

DAVID: And let me say something.

JIM: Okay.

DAVID: 'Cause, you know, I cannot save any person that respects me as a person. There's a truth, you know, 'cause we're all equal in the flesh. Flesh and blood does not inherit the kingdom of God.

JIM: Right.

DAVID: So, you know, once I'm out of the way, the people are going to have nothing to look to but what?

JIM: The seven seals?

DAVID: What they believe, you see. So that's why I don't want no medical attention, you know. That's why I'm laying here in a big old pool of blood. Well, it's dried up now.

JIM: I wish you'd take some medical care.

DAVID: Well

JIM: I'd like to be the one to help you get it.

DAVID: I wish, I wish I'd gotten shot in the head.

JIM: Oh, David, don't say that.

DAVID: Well, here's the deal, because, you see, the truth of the word, that's what the real Messiah is.

JIM: Right.

DAVID: You know, Moses is not the Messiah, and Elijah's not, you know. Not even the body of Christ, you know. All men, no matter what they may be with the gift of God, they are vanity. And that's why, you see, when you see even Christ on the cross, you see that, that God allows men to suffer greatly sometimes, and that's why the spirit of Christ, which is the spirit of all mankind, the spirit of Christ is the spirit of truth. It's not just one man. It's from Adam all the way to the end, all those who believe in God and God's truth. So, so if I'm anything -- are you there, Jim?

JIM: They're hollering at me. Wait a minute. Where's the car? (Talking to someone else.) Okay. The car's at the water tower.

DAVID: Okay.

JIM: Are the kids --

DAVID: The kids are on their way, right?

JIM: The kids are on the way. It's a white car at the water tower.

DAVID: Okay, it's a white car. They're on their way. Okay.

JIM: Okay, they're -- the commander passed on they're going to send a white car each time.

DAVID: Okay, it's going to be a white car.

JIM: Right.

DAVID: With a radio in it, right?

JIM: With a radio in it.

DAVID: Okay.

JIM: Yes.

DAVID: So, see, see, what I've always done is I've never -- I never professed to be anything except what the word of God says that I show. Now, see, that way when I'm no longer around, them people are going to be on their own.

JIM: Right.

DAVID: See? That way they are free, without any human hindrances to make their decisions with their own mind and their own spirit. And that's, that's, that's about as best as a man can do, isn't it? I mean, truth is truth, and if we, if we don't walk in the truth that we have, then we have to deal with our own selves, don't we?

JIM: Um-hum.

DAVID: Okay. So, I'll talk to you more about this, okay?

JIM: Yeah, okay.

DAVID: Here comes the babies and --

JIM: They're coming out?

DAVID: Yeah.

JIM: Are they wrapped up warm?

DAVID: Yeah, they're, they're wrapped up warm. Hey, Steve, Patron's got plenty of diapers, don't he? They, they've left, haven't they? Have they left? Okay, they left.

JIM: They left? Okay.

DAVID: Yeah. Okay, the next, the next two children that I send out, I'm going to send some money with them so you can, you know, get some stuff that you need for them and also

JIM: David, you don't need to do it, buddy.

DAVID: Look

JIM: Don't -- listen, we're taking care of these children.

DAVID: This is -- I know.

JIM: You don't have to worry about that a bit.

DAVID: These are our children, remember.

JIM: Listen, it's --

DAVID: We ain't no cheapskates.

JIM: It's great to see things going this way. I mean, I'm telling you, there's people out here saying man, you know, this is, this is some guy in here that's really doing this kind of thing. That's what, you know, everybody's saying. And the sheriff, I talked to him two or three times today on the phone and he was asking about you and --

DAVID: Harwell or Thorn or

JIM: Yeah, Thorn. Yeah.

DAVID: Oh, I like that man.

JIM: And he was telling me that, Jim, you know, just talk to David and let's, you know, get him to work with us some more and that you are a true man of God and --

DAVID: Well

JIM: you know, that kind of stuff. I mean, he's a good, good guy and --

DAVID: We just know that I'm -- all we know now is I just keep rattling my head about seven seals.

JIM: Yeah.

DAVID: And only God's good. But, like I say, you know, I understand that, you know, by all means, it's a cultic situation, it's -- obviously, there's one guy in charge, you know, and --

JIM: Well, there's people, there's people

out here saying that, that David Koresh is a gentle man and, and it just really --

DAVID: I don't push myself on anybody, that's for sure.

JIM: They're just, I mean, you're just giving them a sign with these children coming out. You know, I just don't believe --

DAVID: Okay, one moment.

JIM: Okay.

DAVID: Have you all left yet? Oh. Where, where'd you leave them last? Where'd you leave the keys at last? Well, you go check with Wayne. (Talking to someone else.) We're finding the keys now.

JIM: That's okay.

DAVID: Well, here, let me -- wait a second. Tell the guys we're coming. Oh, these stupid Levi 501's. I tell you.

JIM: Oh, man, I'm so

DAVID: They're kind of, they're kind of -- well, it's good it's kind of tight 'cause they keep circulation. Okay. Sita. Sita. Sita.

(Pause)

JIM: David.

DAVID: Jim

JIM: Yeah.

DAVID: -- I'm, I'm putting my trust in you

now. I'm sending this money with Sita. Get that phone cord and, you know, it could be, you know, the second or third -- 'cause we have a lot of trouble with our lines. And if those kids need anything, you know, just -- especially, you know, if you can get some goat's milk for the baby, you know

JIM: Okay.

DAVID: -- and a little bit of honey.

JIM: Okay.

DAVID: See, we feed our kids very good food, you know, and that formula's got too much carbohydrate in it and it's got too much sugar, glucose. It's not really good for the temperaments of young babies.

JIM: I understand.

DAVID: Whose the name of the man we get our goat milk from? Huh? Can we send some goat milk then? Okay, we're going to send some frozen goat milk.

JIM: Okay.

DAVID: Okay. And okay. Well, we'll send them some and they can thaw it out. (Talking to someone else.) And, see, goat milk's coagulates more like human milk. Anyway, no, no health lecture right now, okay? But we're going to send it to you.

JIM: Okay.

DAVID: They -- we'll be down there in a second.

JIM: Okay. No problem, take your time. I mean, I know you're doing it.

DAVID: Go ahead and -- okay.

JIM: Are they, are they coming?

DAVID: Yeah. Looking for the key or getting the goat milk and

JIM: Yeah, okay, take your time. We're, we're ready. That's no problem. Hey, you know, a lot of things to get ready, you know. You know, you and I have lost a lot in the last day, you know.

DAVID: Huh?

JIM: I said we've lost a lot yesterday, you know, some friends and people we knew.

DAVID: Yeah. A bad thing happened yesterday.

JIM: But the great thing is we're resolving it and we're trying to work it out, you know, and --

DAVID: Wish we could have done it -- you know, I did everything, I did everything I could with that Robert.

JIM: I know.

DAVID: But, you know, if you ever get a chance to talk to Robert, ask him, say, Robert, what did the guy show you out of the book?

JIM: Yeah, okay. It's nice to see that things are going good and we're just going to try to

make it work, you know. I, I know Steve feels good and he worked real hard to try to resolve it, you know, and get some of these kids out.

DAVID: Yeah.

JIM: Sita's just really great, I've got to tell you.

DAVID: She's --

JIM: She's great.

DAVID: Yeah, I have a lot of people come here and, like I say, you know, the, the, the truth, you know, if you could have ever met these people, you know, they're the best people in all the world.

JIM: Yeah. That thing's starting to bother you, isn't it?

DAVID: What's that?

JIM: Your wound. It's starting -- is it sore?

DAVID: I don't know, it's always sore, yeah. You know, it's -- I have to have someone pick up my legs every once in a while and move them.

JIM: David, you told me yesterday it went in at your lower abdomen there?

DAVID: Yeah, right around close to the belly button and went out and hit -- it looked like the pelvic feels like it cracked my -- you know, that bone that

JIM: Yeah, that pelvic bone?

DAVID: Yeah, you know, the two bones on like your hips?

JIM: Yeah.

DAVID: Then it came out my back.

JIM: Right.

DAVID: My rear, you know.

JIM: Oh, man. Where else did you get hit?

DAVID: Then I got hit over on the other side. Then there's a -- I got hit right here in my, my wrist. Took a chunk out of my wrist and it's just -- I'm looking at it right now. That blood turns blacker than black.

JIM: Did you get that to stop bleeding on your wrist?

DAVID: Oh, yeah. Yeah, it stopped bleeding. And the wounds in the back just I don't know, they just -- they ooze and then they stop and they ooze again. It's just, you know --

JIM: Yeah. Mmmm. Are you in a comfortable position? If there is one, huh?

DAVID: Something like that. It's hard to explain.

JIM: Yeah.

DAVID: You know, I kind of cried when I looked out the window and saw all those ATF agents up

on the roof.

JIM: I appreciate you saying that.

DAVID: Well --

JIM: I'll pass that on to the guys. I mean it.

DAVID: It shouldn't have happened, Jim.

JIM: I know it. I know. I'll pass that on to them.

DAVID: What can I say, you know?

JIM: Hey, I told Steve that, you know, I went by the hospital and that's kind of what held me up, you know, some of that stuff, and I saw a lot of those guys. And, you know, they're all doing good and they're in good spirits and, you know, they're doing fine and there's no animosity in their hearts or anything. And I told them --

DAVID: Jim, they, they don't know me. Any time, any time -- 'cause they know I didn't do it, but, in a way, you know, it's my responsibility, you understand. But the thing of it is is that in the minds of men there's just two sides, their sides. And those guys sit together and they drink coffee together and they practice together, they put buddies together, they may drink a beer together. You know, there's a bond there. And they came down here doing their job and they didn't have a clear picture, you know, and,

and they came out to do their job and, and they didn't, you know, they didn't know how to listen to me.

You know, I was trying to tell them to, you know, to get back away, you know.

JIM: Yeah.

DAVID: There's children and women and children. But, you know, Jim, see, I've got an intuition. The prophets of old had visions, didn't they?

JIM: Yeah.

DAVID: So, you know, you know, the boy -- your guys didn't have a chance.

JIM: David, that sounds like it's really hurting you.

DAVID: We -- he knew that you were coming. I told Robert, I said look, I said they're coming. I told Robert that.

JIM: Yeah.

DAVID: They were nowhere in sight as of yet. And Robert sat right there looking at me, and I tried to look him straight in the eye. You know, I thought at least what he would do is tell the guys, you know, hey, let's, let's slow up a bit.

JIM: Yeah.

DAVID: But, no, he went over and he had to go back and park his Blazer over there off of the

corner and all. You know, it didn't have to happen this way.

JIM: Yeah.

DAVID: You know, you know, the reason why you've got arms is a show of arms, you know, to tell the bad guys look --

JIM: Hold it. Wait a minute. All right, just a minute. Hey, I'm sorry, David. They're asking me did Sita leave yet.

DAVID: Has Sita left yet? Hey. Hey. Hello. I can't holler, you know. Has Sita left yet? Well, get another car then. (Unidentified female voice in background indiscernible.)

JIM: Can they just walk out?

DAVID: They, they -- to, to walk all the way down to the --

JIM: Well, I mean, if she has a problem getting a car or something, tell me and, you know, maybe we can move up a little further, if that's --

DAVID: Well, I --

JIM: But I'd rather do it like this, if we could.

DAVID: Yeah. That way for sure, you know -- let's see, is the white truck out there?

UNIDENTIFIED FEMALE VOICE: Is the white truck out there?

DAVID: Just any, just any car. Just any car.

JIM: I guarantee they're safe conduct to wherever you want to drive them.

DAVID: Who took the keys? Yeah. Okay, take Misty's car. Okay, Jim.

JIM: Yeah?

DAVID: This is a different car. It's brown, it's kind of shot up a bit.

JIM: A, a little brown car?

DAVID: Yeah.

JIM: What kind is it, a Chevy or what?

DAVID: What kind is it? A Ford Escort.

JIM: Ford Escort, okay.

DAVID: So

JIM: Ford Escort, brown, small?

DAVID: Yeah.

JIM: Okay.

DAVID: Yeah, it's real small.

JIM: All right, we'll tell them what to look for.

DAVID: And they've got the keys to that, right? They've got the keys to it, right? Where's Chanel? Where's Chanel? Is she taking care of her? Okay. Please start them. Start them. Start them. That's one thing, you know, about kids. You know,

they're so eager to think and --

JIM: So innocent, aren't they?

DAVID: Yeah. They're just smiling and I love babies, Jim.

JIM: Yeah. Well, I know you're a true man of God to say that. You love those kids.

DAVID: Well, that's one thing they always try to get me on is child abuse, but I don't --

JIM: How could that be?

DAVID: See, what happens is is that

JIM: How could that be? A man that would do this for children? How could that be possible?

DAVID: Well, Jim, you see, the way the devil works, if he can't get, if he can't get around the truth, he's got to resort to lies. You see? Now, for instance, like, like Robin Bonds. You've heard of Robin bonds?

JIM: Robin Bonds. I'm not sure I have.

DAVID: She's one of the girls that left a message, okay? Now, she, she has a little boy of mine named Wisdom, you see?

JIM: Right.

DAVID: Let me, let me tell you how this all started.

JIM: All right.

DAVID: Okay? I came here in 1981, okay?

JIM: Um-hum.

DAVID: To this place. And there was a woman here named Lois Roden.

JIM: Right.

DAVID: And what happened was is I came here and the people treated me good and, and Lois, you know, she was, she was a prophetess and her mission was she was trying to teach the world that the image of God is male and female, you know, which is not a popular doctrine amongst your Evangelicals.

JIM: Um-hum.

DAVID: And so what happens is is that she came and I started teaching people things and people began to say, you know, like wow, how does this young man know all these things? So, I began to open up some prophecies and intrigued Lois. And so in the prophecies it talks about a sign, it talks about

(End of Tape #6)
